Improving the Quality of Cement. *H. Richarz.* No. 2, Oct. 24, 1928 45
Lehigh Portland Cement Company Plant at Mitchell, Indiana. No. 7, Jan. 2, 1929 33
Limiting Concentrations in the Formation of Sorrel Cement. *L. Jesser.* No. 10, Feb. 13, 1929 57
Mechanism of the Burning Process in Rotary Kilns. *Ernst Rissel.* No. 4, Nov. 21, 1928 76
Mechanism of the Decomposition of Clinker on Prolonged Storage. *Adolf Spengel.* No. 13, Mar. 27, 1929 73
Missouri Portland Cement Company's new Prestolith Velo Plant. *W. E. Trauffer.* No. 10, Feb. 13, 1929 45
Model Self-Unloading Cement Boat Proves Adaptable to many Conditions. *W. E. Trauffer.* No. 3, Nov. 7, 1928 53
New Plant of Pacific Coast Cement Company has Unusual Shipping Facilities. *Ned H. Nelson.* No. 12, Mar. 13, 1929 57
Portland Cement Association Discusses Pertinent Problems of the Industry. No. 5, Dec. 5, 1928.... 75
Production Statistics, monthly, published in the second issue of every month.
Putting Safety Across in the Cement Plant. *J. R. Cline.* No. 2, Oct. 24, 1928 67
Sowing Seeds of Safety in the major Departments of a Company. *Henry A. Reninger.* No. 5, Dec. 5, 1928 51
Storing Cement for Demand. No. 8, Jan. 16, 1929 74
Summary of Monthly Estimates of Cement Production in the United States in 1928, by Districts. No. 10, Feb. 13, 1929 83
Two Typical 1928 Cement Plants. No. 6, Dec. 19, 1928 113
Utilization of Waste Stone in Southern Indiana Limestone District. No. 1, Oct. 10, 1928 41
Waste Heat Equipment for Portland Cement Mills. *L. Eck.* No. 7, Jan. 2, 1929 59
What Orginized Safety Work has done for the Cement Industry. *E. Posselt.* No. 2, Oct. 24, 1928..... 41

CEMENT INDUSTRY SHATTERS ACCIDENT PREVENTION RECORD. *A. J. R. Curtis.* No. 9, Jan. 30, 1929 61
CEMENT TECHNOLOGY IN 1928. *C. H. Sonntag.* No. 6, Dec. 19, 1928 95
CENTRAL MIXING PLANTS FOR THE MANUFACTURE AND SALE OF READY-MIXED CONCRETE. *Norman Beggs.* No. 8. Jan. 16, 1929 71
CENTRAL PLANT PREPARES READY-MIXED CONCRETE. No. 13, Mar. 27, 1929 43
CITY BUILDING CODES. *J. M. Zander.* No. 11, Feb. 27, 1929 87
CLINE, J. R.—Putting Safety across in the Cement Plant. No. 2, Oct. 24, 1928 67
CLINKER—Mechanism of the Decomposition of Clinker on Prolonged Storage. *Adolf Spengel.* No. 13, Mar. 27, 1929 73
CLINTON, WALTER—Accident Prevention and Insurance. No. 2, Oct. 24, 1928 75
COLORADO PORTLAND CEMENT CO.—Two typical 1928 Cement Plants. No. 6, Dec. 19, 1928 113
CONCRETE—*see also* Cement.
Central Mixing Plants for the Manufacture and Sale of Ready-Mixed Concrete. *Norman Beggs.* No. 8, Jan. 16, 1929 71
CONCRETE PRODUCTS—Investigating the Physical Properties of Cast Stone. No. 7, Jan. 2, 1929 75
CONNECTICUT QUARRIES CO.—New Washed Sand and Gravel Plant Enters Field in Connecticut. *F. A. Westbrook.* No. 1, Oct. 10, 1928 53
Tarvia Lithic Plant near Trap Rock Operation. *F. A. Westbrook.* No. 7, Jan. 2, 1929 53
CONVENTIONS—New York State Sand and Gravel Producers hold Annual Convention. No. 7, Jan. 2, 1929 71
Portland Cement Association Discusses Pertinent Problems of the Industry. No. 5, Dec. 5, 1928..... 75
Sand and Gravel Producers get together and Discuss Important Problems. No. 8, Jan. 16, 1929 45
Sand-Lime Brick Manufacturers to hold Convention. No. 9, Jan. 30, 1929 85
The three Annual Conventions. No. 7, Jan. 2, 1929 29
The twelfth Annual Convention of the National Crushed Stone Association. No. 9, Jan. 30, 1929 29
COOPER, GEO. A.—Simplification in the Non-Metallic Minerals Industry. No. 10, Feb. 13, 1929..... 77
CORROSIVE QUALITY OF SLAG. No. 8, Jan. 16, 1929..... 96
CROSBY, M. E.—Various Types of Stone Storage Structures. No. 10, Feb. 13, 1929 69

COURT DECISIONS—Recent Higher Court Decisions Involving Sand and Gravel Operators. *Leo T. Parker.* No. 13, Mar. 27, 1929 65
CRUSHED STONE—The Boulevard Plant Supplies Los Angeles District with Washed Aggregates. No. 12, Mar. 13, 1929 85
Building an Institution in the Crushed Stone Industry. *W. E. Trauffer.* No. 1, Oct. 10, 1928 73
Byron Sand and Stone Company Operates during Entire Year. No. 5, Dec. 5, 1928 45
Central Plant Prepares Ready-Mixed Concrete. No. 13, Mar. 27, 1929 43
Development of Modern Quarrying Practice. No. 1, Oct. 10, 1928 51
Effect of an Accident Prevention Program on Production. *P. H. Jacoby.* No. 11, Feb. 27, 1929 52
Federal Bureau is Studying Quarry Costs. *J. R. Thoenen.* No. 13, Mar. 27, 1929 64
Fewer Accidents in Quarries in 1927. No. 2, Oct. 24, 1928 62
Herzog Lime and Stone Company's Plant Comprises two Independent Units. *J. J. Schedel.* No. 13, Mar. 27, 1929 57
Illinois Electric Limestone Company Operates Modern Crushed Stone Plant. *W. E. Trauffer.* No. 8, Jan. 16, 1929 65
Kelley Island Lime and Transport Makes Extensive Repairs. *F. A. Westbrook.* No. 11, Feb. 27, 1929 53
MacKenzie Supply Company Finds Ready Market for Various Aggregates. No. 11, Feb. 27, 1929 67
More about Quarry Practices. No. 3, Nov. 7, 1928.. 59
New Plant of Pacific Coast Cement Company has Unusual Shipping Facilities. *Ned H. Nelson.* No. 12, Mar. 13, 1929 57
Oregon Crushed Stone Producer Believes in Simplicity of Plant Layout. No. 1, Oct. 10, 1928 59
Portland, Maine, Has a City Owned and Operated Crushed Stone Plant. *F. A. Westbrook.* No. 13, Mar. 27, 1929 49
Production of Crushed Stone Continues to Increase. (U. S. Bureau of Mines Statistics) No. 3, Nov. 7, 1928 86
Production of Stone in 1927. No. 1, Oct. 10, 1928.... 86
Remarkable Two-Year Expansion Shown by Sunset Rock Company. No. 12, Mar. 13, 1929 71
Rock Drilling in Quarries. *J. A. Thorne.* No. 13, Mar. 27, 1929 53
Series of Plants Proves Economical to Sowerbutt Brothers. *F. A. Westbrook.* No. 2, Oct. 24, 1928 57
Tarvia Lithic Plant near Trap Rock Operation. *F. A. Westbrook.* No. 7, Jan. 2, 1929 53
Tests in the New Laboratory of the National Crushed Stone Association. *A. T. Goldbeck.* No. 9, Jan. 30, 1929 53
Trade Associations as Applied to the Crushed Stone Industry. *Hugh P. Baker.* No. 9, Jan. 30, 1929 69
Twelfth Annual Convention of the National Crushed Stone Association. No. 9, Jan. 30, 1929 29
Value to the Crushed Stone Industry of the National Safety Competition. *W. W. Adams* and *Nelson S. Greenfelder.* No. 11, Feb. 27, 1929 61
Various Types of Stone Storage Structures. *M. E. Crosby.* No. 10, Feb. 13, 1929..... 69
Utilization of Waste Stone in Southern Indiana Limestone District. No. 1, Oct. 10, 1928 41
Washed Limestone Sand. *Herbert F. Kriege.* No. 11, Feb. 27, 1929 64
What Safety Means to a Quarry Executive. *John Rice.* No. 5, Dec. 5, 1928 43
Why we use three Different Methods of Drilling and Blasting Trap Rock. *F. H. Edwards.* No. 11, Feb. 27, 1929 36
CRUSHED STONE PLANT DEVELOPMENT IN 1928. No. 6, Dec. 19, 1928 130
CURTIS, A. J. R.—Cement Industry Shatters Accident Prevention Record. No. 9, Jan. 30, 1929 61
